

## ***Day Habilitation Programs***

**“We energize people with disabilities, individually and within communities, to lead independent and fulfilling lives through innovative services.”**

# Southeast Works

## Connections Day Habilitation

**Connections Day Habilitation** provides individuals with the opportunity to experience and access resources in the community. This full day program consists of classroom type instruction and community integration. Program activities are based on individual interests and goals. Some outings include: swimming and exercise, volunteer work, cooking, instruction in healthy eating choices and grocery shopping, dance instruction, crafts, safety in the community, socialization opportunities, and skill development exercises.

### Highlights

- Achieve satisfying and rewarding connections within the community
- Learn skills to be more independent and active in the community
- Foster relationships

### Eligibility

All persons with developmental disabilities who are enrolled in Home and Community Based Waiver through the NYS OPWDD.

Live,

Learn,

Work,

Play...

## Senior Day Habilitation

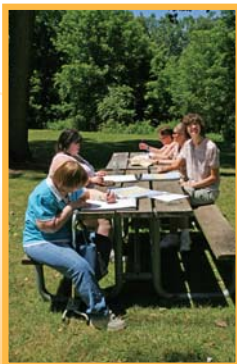

Southeast Works offers **Senior Day Habilitation** for individuals whose needs require a more relaxed environment or who are transitioning into retirement. This is a wonderful opportunity for individuals with common interests to share positive, life enriching experiences, and build meaningful friendships.

### Highlights

- A focus on social engagement, community awareness, mobility safety, physical fitness, and daily living skills
- Foster relationships

### Eligibility

All persons with developmental disabilities who are enrolled in Home and Community Based Waiver through the NYS OPWDD.

## Living Skills

**Living Skills** Day Habilitation Program provides services to individuals who need extra practice and reinforcement with activities of daily living. Program room instruction addresses topics such as cooking, personal hygiene, money concepts, safety skills, community awareness, nutrition, communication, exercise, and physical coordination.

### Highlights

- Learn skills to be more independent and active
- Help individuals become more successful in their daily responsibilities both at home and in the community

### Eligibility

All persons with developmental disabilities who are enrolled in Home and Community Based Waiver through NYS OPWDD.

## Tech4Life

The **Tech4Life Program** provides a unique and individualized training resource for people of all abilities to increase their computer literacy and to aid them in their casual and vocational goals related to technology. Tech4Life provides creative training for individuals in the areas of basic computer skills and remedial academics.

### Highlights

- Computer awareness training to successfully navigate hardware and software
- Safe internet browsing skills development
- Technology training beyond the desktop computer (ipods, tablets, laptops)
- Training for work readiness, data entry, and word processing

### Eligibility

All persons with developmental disabilities who are Home and Community Based Waiver enrolled through the NYS OPWDD.

## Saturday Supplemental Day Habilitation

**Saturday Supplemental Day Habilitation** provides individuals with the opportunity to experience and access resources in the community. This program consists of classroom instruction and community integration. People attend at least one community outing per Saturday. Sessions are offered two Saturdays per month and eligible individuals are welcome to attend both Saturdays.

### Highlights

- Gives opportunity for appropriate social peer interactions in a relaxed environment
- Positive opportunity for individuals to enhance their weekend life
- Experience activities in the community

### Eligibility

All persons with developmental disabilities who are enrolled in Home and Community Based Waiver through the NYS OPWDD, and who are living with a family member or caregiver

## **Broadway Intensive Transitional Program**

The Broadway Program is a blended Day Habilitation/Pre-Vocational Program with clinical supports and services. The program provides intensive structure and support in life skills activities, socialization skills, pre-vocational training, and community integration. Broadway is transitional in nature, with the goal to move to a less restrictive environment.

### **Highlights**

- Clinical and habilitation staff collaborate on a daily basis with identified individuals
- A comprehensive team approach enhances skills and independence
- Modules can include paid work experience

### **Eligibility**

All persons with developmental disabilities who are enrolled in Home and Community Based Waiver through the NYS OPWDD.
